Profile

Final year student at Politehnic University of Bucharest, passionate about technology and the way electronics work. I'm a fast learner and quick to adapt on any situation. Having only my diploma exam left, I feel like I've successfully ended one chapter and I'm looking forward to start the next one in the IT field!

Experience

Data Indexing

June 2021 - September 2021

Telekom Romania

I learnt in a 3 months internship how to properly organise and store data using computer software. This also helped me be more disciplined and careful on detail since i was working with personal data.

PC Operator

March 2017 - November 2017

Electrometalcom

I managed the documents necessary to carry out the activity of a company manufacturing metal parts for petrol wells. I also handled the processing of the orders received by the same company.

Education

Bachelor degree

2018 - Present

Electronics, Telecommunications, and Information Tech, Politehnic University

High School Diploma

2014 - 2018

National College Ion Luca Caragiale, Moreni

Courses
